1. Purpose. VT31INST 1500.1A, "FLIGHT INSTRUCTOR GUIDE, June 2009," is issued for information, standardization, safety, and guidance to all flight instructors in Training Squadron THIRTY-ONE.
2. Discussion. This publication shall be used as a supplement to CNATRA curriculum and TRAWING FOUR Flight Training Instructions. The flight instructor guide provides techniques and lessons learned from years of safe flight instruction in the T-44 "Pegasus" aircraft. In the case of any conflict with higher headquarter guidance or NATOPS, those documents will take precedence.
3. Policy. Recommendations and changes should be submitted to the VT-31 FITU Program Manager via e-mail.
4. Cancellations. T-44 Flight Instructor Guide, August 2004 and all other versions are hereby cancelled and superseded.
5. Responsibilities. Deviation from this instruction is authorized when, in the judgment of the instructor pilot in command, such deviation is necessary to maintain safety of flight.
