

It's that easy!

Home CAC Use **For Dummies**

1. Buy a CAC reader

2. See Betty in Admin for the Active Client software disc + readme file.

(Macs do not require Active Client)

3. Install on your home computer.

4. Mission Complete! *(return your disc)*

Visit any CAC enabled website, including Flight Wx Briefer and NMCI webmail from home. Check your email daily!

Webmail link:

<https://webmail.east.nmci.navy.mil/>

<http://militarycac.com/> is one stop shopping for any installation issues and/or questions. Also, a good place to pick up 3rd party software for Macs.
